PRESS RELEASE

RENAISSANCE MARBLE AND GRANITE DONATES SUPPLIES TO HABITAT FOR HUMANITY

Renaissance Marble and Granite has donated statuary tile to be sold at the Gloucester County Habitat for Humanity ReStore in Pitman, New Jersey.

Pitman, NJ October 27, 2008: Renaissance Marble and Granite, specializing in fabricating and installing natural stone for both residential and commercial clients since 1989, has donated eight crates of white statuary tile to the Gloucester County Habitat for Humanity. Renaissance's donation to Gloucester County Habitat for Humanity has an estimated value of \$20,000.

Gloucester County Habitat for Humanity is a nonprofit, charitable, ecumenical Christian housing ministry that builds affordable housing for low-income families in Gloucester County. The organization believes that having a safe, decent place to live is nothing less than simple human dignity.

"We believe that everyone deserves to have a home they can call their own," said Mark Hernandez, President of Renaissance Marble and Granite. "We are thrilled to have the opportunity to help Gloucester County Habitat for Humanity in its mission to build homes for the people of Gloucester County and provide the general public with a cost-effective way to obtain beautiful tile for their homes."

The donated tile will be sold at the Gloucester County Habitat for Humanity ReStore, a retail branch of the organization that generates proceeds to fund the building of houses. The donation benefits both the Gloucester County Habitat for Humanity, which can resell the tile at its ReStore for a donation and homeowners who have the option of having beautiful tile in their homes at a reasonable cost. In the future, Renaissance intends to continue to partner with Gloucester County Habitat for Humanity and donate more supplies to its ReStore.

"We are very grateful to Renaissance Marble and Granite for its donation to our ReStore," said John Martin, Habitat for Humanity. "The sale of Renaissance's tile will help us to continue to build homes for low-income families in Gloucester County."

ABOUT RENAISSANCE MARBLE AND GRANITE

Renaissance Marble and Granite has been expertly fabricating and installing natural stone for discerning residential and commercial customers since 1989. Located in Blackwood, NJ, with an extensive showroom, opened to the public, Renaissance Marble and Granite is dedicated to providing the utmost in quality natural stone and superior customer service to its clients. For more information, please visit <http://www.renmarble.com>.

ABOUT GLOUCESTER COUNTY HABITAT FOR HUMANITY

In 1986, several concerned Gloucester County residents from church and community organizations recognized the need to serve low-income families by building affordable housing. Gloucester County Habitat for Humanity was founded to meet that need. The Gloucester County Habitat for Humanity mission of building safe, decent and affordable housing has been and will remain a formidable challenge. New Jersey ranks as one of the least affordable States in the U.S. for housing relative to income. It is through partnerships with community, business and government organizations that Gloucester County Habitat for Humanity will face the challenge ahead.
